

# POOL KIT HIRE INSTRUCTIONS

Club equipment is available for hire by all members. If you want to use club kit please follow these instructions:

The majority of the club pool equipments is in the Male side cupboard. This includes:

- BCDs - 5 medium and 2 large - all the rest are in the Girls side cupboard
- Regulators
- Fins
- Masks & snorkels
- Weights and belts
- Dive computers
- Cylinders are kept in the lower cupboard
- Instructor notes

**CYLINDERS** - Check the air in the cylinders before and after use - mark the contents on the sheet inside the door using the door using the dry marker provided. If the cylinder has less than 50 bar please advise the Equipment Officer.

If any equipment is faulty or damaged please tell the Equipment Officer so it can be sorted - do not just put it back in the cupboard

## AFTER USE

- **All pool kit is to be washed before it is put back**
- **BCD's are to be hung up**
- **Regulators are to be put back in their correct box**
- **Cylinders - Check the air in the cylinders and mark the contents on the sheet inside the door using the door using the dry marker provided.**

Do not leave kit by the pool side or elsewhere - it is the responsibility of the person who uses the kit to wash it and return it the cupboard. If the Male shower as are in use Females should wash their pool kit but ask a male to put the kit in the cupboard for them.

**TIME** - If you use club kit please ensure you exit the pool with plenty of time (at least 20 mins) to wash and store the kit, and get changed. If you are instructing folk who are using club kit it is still the trainees responsibility to sort out the equipment but please make sure they out of the pool in time.
